

WATER FUN

Barracuda BK 100

Tour the shoreline and rediscover the pleasure of cycling... on the water. Self-Cleaning, water lubricated bearings provide smooth, maintenance free pedaling, and the folding propeller reduces resistance providing a smooth gliding action. The uni-molded Ram Tuff® hull is salt water ready.

LENGTH	115 in - 292 cm
WIDTH	47 in - 119 cm
HEIGHT	46 in - 117 cm
CAPACITY	340 lbs - 154 kg
WEIGHT	134 lbs - 154 kg

Standard Features:

- _Innovative seamless rotomolded design made in high density
- _RAM TUFF® material... UV resistant
- _Adjustable seats
- _Variable pitch folding propeller
- _Belt-driven non corroding drive system
- _Water-lubricated bearings
- _Trimaran design for exceptional stability and durability
- _Rear hatch
- _Ocean Duty Hull
- _Non-corroding components... salt water ready
- _Provides a fast, efficient glide

- _Convenient features include carry handles
- _A shaft driven propeller with an ultra smooth belt drive that moves you efficiently across the water with a 6-to-1 drive ratio

Turbo Paddler® Tp 2000

LENGTH	47" - 119 cm
WIDTH	43" - 109 cm
HEIGHT	11" - 28 cm
WEIGHT	46 lbs - 21 kg
CAPACITY	Up to 70 lbs - 32 kg

Continuing in the Future Beach tradition of innovation and excitement, the Turbo Paddler® offers a new and exciting way for kids to enjoy water fun. The Turbo Paddler® is a high quality paddleboat designed for children 3 years old and up. Kids simply crank the handles to turn the paddlewheels and off they go...forward...backward...or 360 degrees around.

The Turbo Paddler® has a 70 pound capacity and a double pontoon / catamaran hull that makes it extremely stable and virtually unsinkable. The Turbo Paddler® is made from our proprietary HDPE material, it resists the sun and pool chemicals.

It's always ready for a day at the beach or the pool.
