BRAINERD, MINNESOTA

Introducing the birth of "Lift Tech Marine" boat lift drive motors and the merger of "Minnesota Boat Lift Vinyl" under one roof. Steve Johnson brings 90 degree angle drive boatlift motor experience. Dave Galligan bringing boatlift motor and canopy vinyl experience together under one roof. Partners and dual ownership of the latest and best ideas in the boat lift industry.

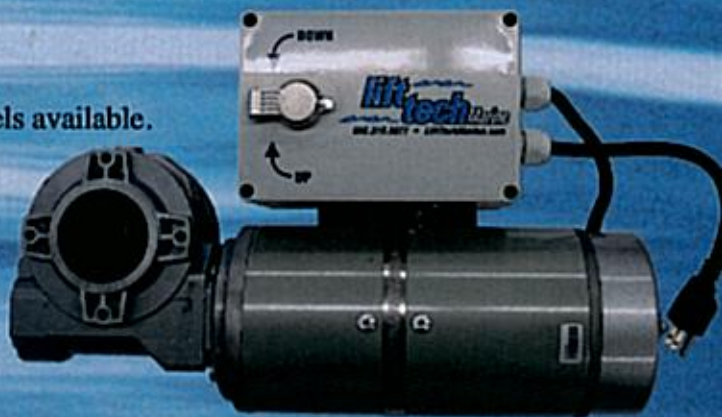

- AC and DC Motor Drives (Manual)
- AC and DC Motor Drives (Remote Controlled)
- Canopy Vinyl's

- Dock Accessories
- Lift Accessories
- Solar Panels

Let Lift Tech Marine Crank it for you to make your boating life easier.

- Will fit ANY boat lift that has a wheel.
- Up to 7,000 pound capacity.
- AC 110 Volt (House Current) or 12 Volt DC (Battery Current).
- Price point Manual switch offered or Remote Controlled models available.
- Installs in 20 minutes or less.
- We guarantee that if you replace your wheel with one of our drive motors you will use your boat more.

* Lift Tech Marine offers a 2 year warranty against manufacture defects on all of their motors.

Remote Controlled Units

- Remote controlled units offer hands free operation.
- Use remote to raise and secure your boat faster in rough and windy waters.
- Use the remote to operate the lift while still seated in the boat.
- Remote controlled units speed up the lift operation so you can get on your way faster.

Solar Panels

- 12V Units come standard with 15' D.C. cables to hook to boat battery.
- Solar Panels offer "Connection Free Operation" of 12V units.
- Let Mr. Sun charge and maintain separate battery on dock or bracket.
- Includes a "Diode" for cloudy days so battery won't discharge.
- Solar Panel operation offers a faster and effortless way to energize 12V motors.
